Form der Frage

by Meriel Brütting, Laura Hagemann,
Carolin Herzberg, Julia Krauss, Felicia Theus

Bodies create forms. Shapes, sounds, and noises all ask questions.
But where are the answers?

Through theatrical images, movement and music, we ask many questions:
both simple and profound, moving, funny, poetic, provocative to the point
of absurdity. By examining various points of view, from the the "big picture"
to the "little" one, the audience will follow us on the search for decisions.
